

# Looking for skilled carpenters?

PRST's carpenters show up with the skills, tools and experience needed to get the job done.

## Building a better partnership

A carpenter is one of the toughest jobs to fill in construction, according to many industry experts. And as the demand for skilled carpenters climbs, businesses like yours need a staffing partner they can call on to help them staff or supplement their workforce. PeopleReady Skilled Trades (PRST) has you covered.

## A framework you can count on

Our local recruiters are experts in sourcing, screening and testing tradespeople with specialized knowledge in all phases of carpentry. Every carpenter undergoes an extensive process with interviews and in-depth assessments. So, when our tradespeople step on your jobsite, you can be confident they have what it takes to get your job done right.

## Proven commitment to safety

PeopleReady Skilled Trades is home to an in-depth worker safety screening and training process. That's why we created our BeSafe Program and Right Match Dispatch philosophy, offer OSHA 10- and 30-hour trainings at no cost and provide Personal Protective Equipment (PPE) to all employees. For your business, this means we only deliver the kind of workers you want on your job sites — ones who are safety-minded, held to the highest standard and respectful of other workers.

## The power to do more

Backed by the power of TrueBlue (NYSE: TBI), we offer unparalleled resources and experience.

## We Are Ready™ to fill your open carpentry positions
